SELECTMEN'S ANNUAL REPORT

In March, 1977, your Board of Selectmen formulated a list of objectives for the year. We would like to take this opportunity to review some of these objectives with you; and also, to make you aware of the results of these objectives.

A prime objective was to reduce out tax rate by making use of the enormous surplus which had accumulated over the previous few years due to errors made in setting previous tax rates. With the help of the Chairman of the Budget Committee, Jim Wells, and the Town Treasurer, Gordon Brennan, who both attended the tax setting hearing in Corcord for the first time, we were able to better express our financial position and, in fact, lower the tax rate \$2.20 per thousand.

Another objective was to assist the Planning Board in their Growth Control efforts, if possible. This objective was partially accomplished by recommending the new "Premature and Scattered Subdivision" regulation which has now been accepted by the Planning Board.

In an attempt to obtain better legal advise and yet lower the Town's legal costs, we hired a new Town Counsel, Sumner Kalman, on a retainer basis rather than so-much per hour. Sumner has proven to be an outstanding Town Counsel.

We also decided that we should begin making an attempt to obtain funding assistance for various projects that had been discussed. In May we began applying for funds, and in September we received our first Grant from CETA for an Administrative Planning Assistant. We have, since then, applied for and received additional Grants.

Executive Sessions have always been a Thorn-In-The-Side of the people standing outside the Selectmen's Office waiting to attend a regularly scheduled meeting. We accomplished our objective to eliminate this problem. Now, all executive sessions which are held are within the law, and they are held after all other public business had been discussed.

An objective in which we failed was to find needed assistance for the Building Inspector. With the exception of the plumbing area, we were not able to find capable, qualified assistance in all other aspects of construction. This will continue to be a high priority objective for the coming year.

The last objective we would like to discuss is one which must remain a very high priority item for the coming year. The objective is to totally revamp and better the communications between the Board of Selectmen and all other Town Boards. We must also pay particular attention to bettering the communications with the Town Treasurer, which is necessary if we intend to better understand and control the finances of the Town in the best interest of all the taxpayers. Some attempts were made at bettering our overall communications last year, however, there is still much work to be done.

In summary, we would like to say that 1977 was a year of problems for Atkinson; however, we have made some great strides forward and are looking for 1978 to be a good year for all residents. Finally, we would like to thank all Boards, Committees and individuals involved in Town business for their time and cooperation throughout 1977.

Respectfully submitted,

PHILIP V. CONSENTINO, Chairman
ANTHONY M. NOBREGA
MEREDITH E. REYNOLDS

As an outgoing Selectman, I would like to say that the past six years have been very rewarding and gratifying to me, and I hope that I have done my best for the Town during this time.

I am sorry that I had disrupted the Town's work with the issue of a Selectman also holding the position of Police Officer. I feel that my point has been proven in my holding the position of Police Lieutenant and Chairman of the Board of Selectmen at the same time, the two have worked out well with no problems at all.

In conclusion, I would like to thank all the people for their support and understanding for the past six years; and I hope my efforts have contributed to the betterment of the Community.

PHILIP V. CONSENTINO

REPORT OF THE ATKINSON MUNICIPAL BUDGET COMMITTEE

Your Budget Committee has been working very hard over the past year, as in the past. We have undertaken a project which we feel will improve the efficiency of the Town and the way it spends your money. With the cooperation of the Timberlane School District, the Selectmen have approved the rental of time on the school District's computer for the months of January and February to run the entire town accounts. We hope to implement a purchase order system to be used in conjunction with the computer. We feel we can justify the need and expense of this professional service and will look to you for your support at Town Meeting.

We would like to remind you, the taxpayers of Atkinson, that all budget meetings are open to the public and all are invited to attend. There will be a public hearing approximately fifteen days before Town Meeting, at which we discuss and review the Budget, and your attendance is welcomed.

Last, but not least, we would like to thank all Department Heads, the Town Treasurer and the Selectmen, for their cooperation throughout the past year.

Respectfully submitted,

JAMES C. WELLS
Chairman

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Town Office
Atkinson, New Hampshire 03811

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts and records of the Town of Atkinson for the fiscal year ended December 31, 1975 which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audit reports must be given to the Town Clerk for retention as part of the permanent town records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Trustees and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets - As of December 31, 1974
and December 31, 1975: (Exhibit A-1)

Comparative balance sheets which disclose the financial condition of the general fund as of December 31, 1974 and December 31, 1975 are presented in Exhibit A-1.

As indicated in Exhibit A-1, the current surplus of the Town increased by \$54,427, from \$23,307 on December 31, 1974 to \$77,734 on December 31, 1975.

Analysis of Change in Current Financial Condition (Exhibit A-2)

A statement presenting an analysis of the factors which caused the change in current financial condition of the Town during the fiscal year ended December 31, 1975 is presented in Exhibit A-2.

The factors which caused the change in current financial condition of the Town were as follows:

Increase in Current Surplus:

Net Budget Surplus	\$54,397
Tax Collector's Excess Credits	30
<u>Net Increase in Current Surplus</u>	<u>\$54,427</u>

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1975 are presented in Exhibits A-3 and A-4.

As indicated in Exhibit A-4 a revenue surplus of \$41,111 plus a net unexpended balance of appropriations of \$13,286 resulted in a net budget surplus of \$54,397 during 1975.

Long-Term Indebtedness:

Comparative Balance Sheets - As of December 31, 1974
and December 31, 1975: (Exhibit A-5)

Comparative balance sheets of the outstanding long-term indebtedness of the Town as of December 31, 1974 and December 31, 1975 are shown in Exhibit A-5.

During the fiscal year ended December 31, 1975, the Town's long-term indebtedness decreased by \$10,500 from \$16,500 to \$16,000.

Statement of Debt Service Requirements - December 31, 1975: (Exhibit A-6)

A statement showing annual debt service requirements as of December 31, 1975 is contained in Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended December 31, 1975, made up in accordance with the uniform classification of accounts is included in Exhibit B-1.

Revenue Sharing Funds: (Exhibit B-2)

The fiscal activity in the revenue sharing fund account during the fiscal year ended December 31, 1975 is disclosed in Exhibit B-2.

As indicated therein the unappropriated funds at January 1, 1975 was \$2,690. Revenues in 1975 consisted of entitlement payments of \$18,846 and interest on investments of \$1,981, expenditures of \$7,600 for Solid Waste Management (Article 16) and \$11,982 for Fimball Library Addition (Article 18) resulted in unappropriated (available) funds of \$3,935.

AUDIT PROCEDURES

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredemmed taxes were made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records.

GENERAL COMMENTS

Treasurer:

It was observed during the course of the examination of the Treasurer's records that the Cash Receipts Journal, as prescribed by the Department of Revenue Administration is not maintained by the Treasurer. Receipts are recorded on columnar sheets, rather than in the Cash Journal as prescribed.

Checks returned for insufficient funds are recorded in the Cash Disbursements Journal, rather than recorded as a reduction of receipts.

Transactions involving tax anticipation notes, payments of principal and interest on long-term notes and investments of idle funds are, in most instances, accomplished by bank debit and credit memos.

The Treasurer should immediately set up and maintain the Cash Receipts Journal as prescribed by the Department of Revenue Administration.

- 3 -

TREASURER (Continued)

Upon receipt from the bank, checks for insufficient funds should be posted as a reduction of revenue in the Cash Receipts Journal. The official from whom the Treasurer received the check should be notified of the fact in order to effect recovery of the monies in question. Any monies thus recovered should be redeposited by separate deposit and properly identified.

The use of debit and credit memos for transactions involving tax anticipation notes, principal and interest payments of long-term notes and investments of idle funds should be discontinued. Receipts from tax anticipation notes should be recorded in the Cash Receipts Journal and payments for such notes and interest should be made by town checks/vouchers. Likewise, payments of long-term notes and bonds, and interest thereon should be paid in the same manner. Investments of idle funds should be made by vouchers issued by the Selectmen and receipts of proceeds recorded in the Cash Receipts Journal.

The Whitaker Fund and Todd Fund should be turned over to the Trustees of Trust Funds since they are actually trust funds set up for a particular purpose.

The Capital Reserve Fund for recreation purposes as accepted at the 1975 Town Meeting under Article 16 should be turned over to the Trustees of Trust Funds.

Conclusion:

The provisions of Chapter 71-A, Section 21 require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town of Atkinson. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Atkinson for their assistance during the course of the audit.

TOWN OF ATKINSONCertificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Atkinson for the fiscal year ended December 31, 1975.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets, statements of revenues, appropriations and expenditures, and surplus, present fairly the financial condition of the Town of Atkinson at December 31, 1975, and the results of the operations for the year ended on that date in conformity with accounting practices generally followed by municipalities applied on a basis consistent with that of the preceding year.

AUDIT PROCEDURE

The accounts and records of all Town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes were made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records.

GENERAL COMMENTSTreasurer:

It was observed during the course of the examination of the Treasurer's records that the Cash Receipts Journal, as prescribed by the Department of Revenue Administration is still not maintained by the Treasurer. Receipts are recorded on columnar sheets, rather than in the Cash Journal as prescribed.

Checks returned for insufficient funds are recorded in the Cash Disbursements Journal, rather than recorded as a reduction of receipts.

Entries involving tax anticipation notes, payments of principal and interest on long-term notes and investments of idle funds are, in most instances, accomplished by bank debit and credit memos.

- 3 -

The Treasurer should maintain the Cash Receipts Journal as prescribed by the Department of Revenue Administration. Checks for insufficient funds could be posted as a reduction of revenue in the Cash Receipts Journal if the official from whom the Treasurer received the check notified of the return of the check. The official involved can recover the money in question. The checks recovered should be redeposited in a separate deposit and properly identified.

The use of debit and credit memos for transactions involving tax anticipation notes, principal and interest on payments of long-term notes and investments of idle funds should be discontinued. Receipts from tax anticipation notes should be received and recorded in the Cash Receipts Journal and payments for such notes and interest should be made by vouchers issued by the Selectmen. Likewise, payment of long-term notes and interest paid should be recorded in a like manner. Investments of idle funds should be made by vouchers issued by the Selectmen and receipts of proceeds recorded in the Cash Receipts Journal.

The Mistake Fund and Idle Fund should be turned over to the Trustees of Trust Funds since they are actually trust funds set up for a particular purpose.

The Capital Reserve fund for recreation purposes as accepted at the 1975 Town Meeting under Article 16 should also be turned over to the Trustees of Trust Funds.

Expenditures of Moneys for Purposes Not Appropriated:

In towns which adopt the provisions of the Municipal Budget Act, the Board of Selectmen may not pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made. However, during the period under audit, the sum of \$3,913 was paid for temporary employees. Although these funds were reimbursed to the Town by a grant from the Rockingham County Planning Agency, there was no authority to expend the funds in such as the budget did not contain an appropriation for this purpose.

We observed that the Town adheres to the regulations of the Municipal Budget Law which prohibit the use of appropriations for expenditures on a "gross" basis, showing revenues from all sources, including grants such as the above as offsetting revenues to appropriations affected.

Investments of Town Funds in a Replicable Order of Withdrawal (R.O.W.) Account

During the course of this examination it was noted that some moneys of the Town's general fund have been invested in a R.O.W. account. Although this practice is not prohibited by New Hampshire statutes, the federal regulator authorities do not consider this permissible activity in which town government may participate.

- 4 -

Purchase of Tires by town official:

Our examination of Town records revealed that on July 19, 1976, invoice #16345, the Town purchased four (4) tires from Car-Go Discount Car Care Center at a cost of \$98.16 per tire, for a total cost of \$392.64. These tires were subsequently sold to the incumbent Road Agent. There was no federal excise taxes paid on these tires inasmuch as the Town is statutorily exempt from the payment of excise taxes. Under date of July 31, 1976 an entry on the Treasurer's books indicates the reimbursement of \$392.64 by the Road Agent for the purchase of the tires. However, there is no evidence that a federal excise tax exemption certificate was signed in this instance.

The practice of town officials and employees purchasing for their personal use, tires upon which a federal excise tax exemption has been granted violates the U.S. Internal Revenue Code. In addition, the purchase of tires by town officials or employees at discount prices allowed to the Town results in an abuse of office and constitutes a misdemeanor as described in R.S.A. 643:2,1.

"643:2,1. Abuse of office. . . acquires or divests himself of a pecuniary interest in any property, transaction or enterprise which may be affected by such action or information. . ."

Conclusion:

The provisions of Chapter 71 A, Section 21 require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town of Atkinson. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Atkinson for their assistance during the course of the audit.

TOWN WARRANT
BUDGET

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Atkinson in the county of Rockingham in said State qualified to vote in Town affairs:

You are hereby notified to meet at the Atkinson Academy School Auditorium on Tuesday the fourteenth day of March next at ten o'clock in the forenoon, to act upon the articles required to be voted on by official ballot (Articles 1 and 2). By vote of the Selectmen, the polls for the meeting will remain open from ten o'clock in the forenoon until seven o'clock in the afternoon (and as much longer thereafter as the Town, at the opening of the meeting, may vote).

All voters are further notified to meet at three o'clock in the afternoon on the eighteenth day of March, 1978 at the Academy School Auditorium to act on all other articles in this warrant.

Article 1. To choose all necessary Town officers for the coming year.

Article 2. To see if the Town will vote to adopt the following changes and additions as follows:

1. To see if the Town will vote to adopt the following amendments to the Building Regulations as proposed by the Planning Board:

Article VI, 16, Fire Codes. Add: "All new construction or alterations shall conform to the National Fire Protection Association Codes, with automatic acceptance of revisions as they are made."

Road Specifications, Paragraph 8, Fee Schedule for Road Inspections. Amend to: "\$10.00 per 1,000', or portion thereof, of road per inspection with five (5) mandatory inspections."

Section III, D, Add: "Any person, persons, partnership, or corporation intending to install a heating device, regardless of value, shall first make application for a permit on application obtained from the Fire Inspector."

Article IV, Fee Schedule for Building Inspection. Amend to:

Residential	Fee
New Construction	
First floor	7¢/sq.'
Second floor	4 1/2¢/sq.'
Unfinished Area (not basements)	2 1/2¢/sq.'
Attached Garage	2¢/sq.'
Above ground pools	\$10.00
In-ground pools	\$25.00
Additions or alterations	7¢/sq.-not less than \$15.00
Septic system permit	\$15.00
Heating Devices	
All types of heating devices	\$8.00/per device
Fireplaces	\$8.00/per fireplace
Flues	\$8.00/per flue
Commercial	
Value to \$50,000	\$100.00
Value to \$100,000	\$150.00

The Building Inspector and Health Officer shall be paid by the Town \$3.00 for issuing or reissuing all permits. Inspectors shall be paid 12% of permit fee, but not less than \$10.00 per inspection. There shall be an identical fee to reissue any permit or to reinspect after an inspection has been disapproved. Such additional fee is to be paid by the person requesting the permit or inspection. The Building Inspector and/or Health Officer may obtain expert assistance for any inspection on a commercial building and fees for this shall be assumed by the Town.

After issuance of a building permit, construction shall start within ninety (90) days from date of issue; if construction is not started permit shall be void and fee, less issuing fee, shall be refunded upon application only if application for refund is made within 12 months. The placement of footings shall constitute start of construction."

2. To see if the Town will vote to adopt the amendments to the zoning ordinances as proposed by the Planning Board as follows:

Article V, Part C to read: "Not more than one single residence may be constructed on each two acres. A two family or duplex house shall require four acres, except that these acreages shall not apply to lots of record (of one and two acres respectively) which comply with existing regulations."

Article V, Part K to read: "Frontage. Each lot shall have a continuous frontage of at least two hundred feet (200') and two family or duplex houses shall have a continuous frontage of at least three hundred feet (300') except that these frontages shall not apply to lots of record which comply with existing regulations."

Article V, Part L to read: "Minimum land area. No lot shall be less than two acres, except that this shall not apply to a one acre lot of record which complies with the existing regulations."

3. "Are you in favor of the adoption of New Hampshire RSA 36:19-a, which would further empower the Planning Board to review: A municipality having adopted a zoning ordinance as provided in RSA 31:60-89, and where the Planning Board has adopted subdivision regulations as provided in sections 19-24 hereof, may further empower the Planning Board to review and approve or disapprove site plans for the development of tracts for non-residential uses whether or not such development includes a subdivision or resubdivision of the site."
4. "Shall we adopt the new provisions of RSA 72:43-c, relative to expanded exemptions on real estate for the elderly, changing the eligibility requirement that a person may own no more than \$35,000 in assets of any kind to a requirement that a person may own no more than \$50,000 in assets of any kind?"

5. "Shall we adopt the new provisions of RSA 72:43-b, relative to expanded exemptions on real estate for the elderly, changing the basis of the exemption from the equalized assessed valuation to the actual assessed valuation?"

Police Chief's Report for 1977

This past year has been a continuing year of changes and innovation for our police department.

To insure the best qualified persons are employed by the department, a personnel screening process was established in the department. This process is a proven and accepted policy by law enforcement nationwide.

The candidate submits to the police chief his resume and certification of his qualifications after a background investigation is completed, a screening board is convened by the chief of police. This screening board shall consist of not less than four supporting supervisory officers of other police departments with the supervisory officers of the town police. The candidate is tested by this board and a total evaluation is made as to the candidate's suitability to perform the duties of a police officer. The candidates who pass this board are then interviewed by the board of selectmen. The chief of police will recommend the most suitable candidates for special police officers. After appointment, the candidate will spend 30 days under close supervision. At the completion of this time frame, the officer will then be assigned to a regular duty schedule with another officer of the department. The officer will be evaluated three times in the first six months as to his suitability to remain on the force.

During the month of June we established the Neighborhood Watch Program. Through the assistance of our community, on three separate occasions information given to police added greatly in the apprehension of subjects who damaged property of others. In addition, on two occasions information given by alert citizens helped the police department apprehend subjects who had robbed homes on the border of our town.

At the beginning of the school year a Block Mother Program was established and no child has been molested in our township.

It is a pleasure to report that in this past year, no one has been killed on our roadways.

The assistance of the community over the past year is sincerely appreciated by the police department. The continued assistance of the community with the police department in the future year will greatly aide in keeping Atkinson a safe and decent place in which people can live.

The police activity in the major areas in the past year is as follows:

Malicious damage	40
Breaking & entering	36
Accidents	67
Violations	
(summoned to court)	105
(summoned to Grand Jury)	2
Complaints of a General Nature	
Requiring 1 or more Officers	1099

Respectfully submitted,
PETER T. CROWE, Chief
Atkinson Police Department

REPORT OF THE FIRE DEPARTMENT

The number of calls answered by your Fire Department for 1977 has continued to increase with the town's growth. The following list of calls answered by the department compares our activity with the preceeding three years:

	1974	1975	1976	1977
House fires (involving structural damage)	5	10	4	5
Chimney Fires	5	5	4	4

Total Volunteer Man hours spent	4131	4897	4570	
---------------------------------	------	------	------	--

Estimated Fire Loss - 1977 - \$25,500.

The following is a breakdown of the total hours spent by the members of the Department in 1977:

Fires, (including placing all equipment back in service)	871
Fire Protection and Education	196
Fire Department Administration	247
Training	2205
Emergency Calls other than fires	162
Preventative Maintenance	616
Additional Work Details	185
Miscellaneous (good will, etc)	88
TOTAL HOURS	4570

Although the number of calls for 1977 has increased drastically, we have been very fortunate in having only one major-loss fire involving an uninhabited house. Another fire which involved some structural damage was the result of an improperly installed, woodburning stove. This stove was installed without the knowledge of the Fire Department's Inspection Bureau and was, therefore, never inspected for conformance to the Department's Safety Codes.

The Department's low history of fire safety problems associated with wood-burning stoves and fireplaces stands as an example to neighboring towns. The credit for an excellent Fire Inspection program rests with the Department's two inspectors, Chuck Earley and Red Norris. Copies of regulations which have been formulated by the Department have been distributed by the State Fire Marshal's Office as examples for other towns in the State. If you have, or are planning, a

wood-burning stove installation, please allow the Department to guide you in a safe installation.

The drastic increase in miscellaneous calls answered this year reflects the harsh winter. The Department answered numerous calls for aid in dealing with flooded cellars and other storm related problems.

The number of calls for medical assistance has also continued to rise. These calls can be extremely important in providing initial first aid to victims awaiting ambulance response. Our capabilities in this area have been improving continuously. The Department's new Rescue Truck has been put into service and the whole Department has completed Advanced First Aid and CPR Training. The Department is also fortunate in having four member who have invested the added time required to become certified Emergency Medical Technicians (EMTs).

Our greatest need in the Department is still the strengthening of our day-time department. All new members, especially those available during the daytime hours, are welcome.

In closing, I once again thank the men and women of the Department who have donated many hours of dedicated service. I also thank the Department's dispatcher, Helen Conley, for her continued, efficient operation of our communications system. And last but not least, I thank the townspeople for their continued support of the Volunteer Fire Department.

Respectfully submitted,

DONALD L. MURPHY, Chief
Atkinson Volunteer Fire Department

REPORT OF THE DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint State and Town or City responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as Town or City Fire Warden and several other persons as Town and City Deputy Fire Wardens to a three year term.

The local Forest Fire Warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the Fire Warden deems as safe.

Atkinson had a good record this past year, with a low loss of acreage to fire.

1977 Forest Fire Statistics

	No. of Fires	Total No. of Acres
Forest Fire	4	4½
Grass or Brush	13	2½

1977 ANNUAL REPORT KIMBALL PUBLIC LIBRARY

Since last year several changes have taken place at the library: Probably the biggest change has been the completion of the lower level room with funds appropriated at last years' town meeting. The Friends of the Library have undertaken to complete the kitchen area. In October a very successful "Haunted House" was held under direction of Linda Jette and Kathy Matthews. Proceeds from this event will be used to remodel the former library room in the Kimball House into a childrens' area for children of pre-school age through third grade. This move will alleviate crowded conditions in the present childrens' area and allow expansion in the reference and young adult areas. The Mother Goose Story Hour sponsored by the Friends has completed another successful year. A record collection has also been started by the Friends and is well circulated. Circulation at the library has increased 39% over last year. Mrs. Hirsch, librarian has done a fine job keeping the book collection up to date. Mrs. Hirsch has also completed two more state required — PLT courses at U.N.H.

A film series for adults and children was held under supervision of Mrs. Matthews, childrens' librarian. Some excellent films were shown free of charge. These series will be continued next year.

We would like to thank the volunteers and all those who contributed in any way to the library over the past year. We would like to encourage new residents to visit the library.

The trustees always welcome suggestions from residents that would help improve library services.

REPORT OF THE ATKINSON HISTORICAL SOCIETY

In March of 1975, the Town of Atkinson voted to appropriate the sum of \$5,995.00 for the bicentennial-year printing of the town's first history. The total amount expended on Article 22 was \$5,798.25. As a condition of the vote, the Historical Society promised to repay the money through the sale of the books. Last year the society returned \$4,000.00 to the Town and this year will return \$900.00, leaving a balance of \$898.25. Copies of "Atkinson — Then And Now" are still available at the Town Clerk's office. There are 140 copies left of the 500, hand numbered, limited edition.

During the past year, application was made — and approval received — for CETA funding to provide clerical assistance in cataloging the many historical items in the Society's collection. Cataloging is considered the first step in making the historical information more readily available to the people. In the future, we hope to display more of the memorabilia in the rooms of the old Kimball House, and to encourage people to come in, look around, and enjoy our charming treasures to the town's rich, historical past.

Also in 1977, the Society made application for eligibility for designation as an Historic District for the Atkinson Academy and the Kimball House. If approved by the National Historic register, the Society will then look into the possibility of seeking official designation for those two buildings.

Any resident interested in helping to preserve the historical character of our town may join the Society by completing the following and mailing to: Mrs. Stuart Hale, President, Academy Avenue, Atkinson, NH

I would like to join the Society and submit \$1.00 in dues;
or
I would like to donate the following historical artifacts.
or
I would like to pledge _____ to help the Historical Society preserve the historical character of our town.

It has been my pleasure to serve as President of the Historical Society for the past two years and I would like to express my appreciation for all the help and encouragement extended to me.

ELEANOR M. ZAREMBA

ANNUAL REPORT ATKINSON CONSERVATION COMMISSION

The Conservation Commission has now completed its third full year. We have been working hard to preserve natural areas for your appreciation and enjoyment.

1. Our major emphasis this year has been land acquisition projects towards preserving open space and maintaining Atkinson's much cherished rural character.

We were very pleased to learn that the Bureau of Outdoor Recreation has approved the appraisal values we submitted and are now eagerly awaiting the arrival of our BOR check for \$118,700. This does not need to be matched by the Town. This check will complete a 5-parcel project totaling 107.54 acres. It consists of the Noyes and Crown Hill parcels (both already deeded to the town), and the former Sawyer, Chadwick and Chambers-Fila parcels.

Hours and hours of work went into the preparation of the five appraisal reports and additional reports for BOR. In addition, our Commission Forester, Chet Ladd, with assistance from Stuart Hale, has spent countless hours on field work to support the paper work.

11. Upon completion of the 5-parcel project, we have moved forward on two new land projects for which we are eligible for \$188,062.50 of additional funds which need not be matched.

111. Rootcuttings of endangered species of wildflowers were planted by Carol, Denise Watkins, and Christa Slade in

one section of the Noyes Wildflower area. We're eagerly looking forward to spring to see the results of our labors. We will continue each year with additional plantings in the other sections.

IV. Right before Thanksgiving, we received an Environmental Complaint concerning the blowing up of the beaver dam in Sawmill Swamp. This draining of Sawmill Swamp resulted in the downstream flooding parts of Reproduction Village in Hampstead.

Concern for the protection of wetlands spurred us into work on a Wetland Ordinance for Atkinson. Up until now, we have been delayed in submitting a Wetlands Ordinance because Atkinson's soils mapping was not completed. With the assistance of Harold Bragg of Southern Rockingham, we have drawn up a wetlands ordinance which we feel is a very worthwhile and well-written document. This ordinance will be before the voters at a Special Town Meeting in May. We urge your ballot support of our efforts to preserve this very important part of our environment.

V. Chet, Stu, and Denise represented the Commission at the N.H. Association of Conservation Commissions' annual workshop to learn about Scenic Roads Protection. We plan on putting the knowledge acquired to good use in the near future.

VI. The Commission members wish to stress that Conservation land is open land — for your pleasure and enjoyment. Conservation land is varied in topography: wooded and open, flat and hilly, wet and dry. These varied landscapes serve a variety of the natural outdoor recreational activities, from hiking and horseback riding to crosscountry skiing and picnicing. The Commission urges all Atkinson residents to use and enjoy Conservation land.

If you know of any areas near your home which you feel should be protected for future generations, please let us know and we will strive to acquire them for the town's enjoyment.

The late novelist Willa Cather expressed a very moving sentiment about conserving land when she wrote,

"We come and go but the land is always here and the people who love and understand it are the people to whom it belongs for a little while."

The Commission members feel this way about the land, and since Conservation land belongs to everyone, we hope you all share this sentiment also.

Respectfully submitted,

CAROL A. GRANT

ATKINSON RECREATION COMMISSION 1978 ANNUAL REPORT

The Atkinson Recreation Commission moved in a number of directions over the past year, among which were:

Enlarging the Atkinson Academy ballfield with funds approved at last year's Town Meeting. The field was given a more regular shape, at the same time extending the outfield. Repairs to the backstop and a new outfield fence along with additional landscaping and seeding to be completed next spring, round out the improvements to one of the most used play areas in Atkinson.

Work was also done on the Pope Road ballfield by the commission in conjunction with the manpower program and volunteers. Although we had a setback by vandals digging up

the field extensively with a vehicle this fall, we plan to repair the field and make improvements to the backstop, and to install dugout safety fences.

The commission looked at many parcels of land offered under the 7½% regulation this year. Some of it good for recreational use and some not. We hope to be able to develop some of these parcels for the recreational enjoyment of the people of Atkinson, young and old alike, in the near future.

The volunteer help received by the commission this year, as in the past, was outstanding. To those people who helped run the Recreation Commission's programs, we would like to express our sincere thanks for a job well done, and look forward to working with you in the year to come.

One area the commission feels needs more support and emphasis during the coming year and will work vigorously to improve, is the programs for the girls of Atkinson. These programs don't seem to get the volunteer support that they deserve. We would like these programs brought up to par with the others. The commission would like to ask your help in improving these with us. Please volunteer this year to help upgrade our girls' programs!

The Recreation Commission is made up of five individuals, however its strength is in the volunteers who come forward to help and bring in new ideas. We would appreciate anyone having any new ideas on improving or expanding recreation in Atkinson to come to the Recreation Commission meetings or contact one of the members and express your ideas.

Respectfully submitted,

BARBARA SNICER, Chairman
Atkinson Recreation Commission

1977 ANNUAL REPORT OF THE PLANNING BOARD

Another busy year for the Planning Board. Our efforts this year have been channeled in three major directions.

New land subdivision control regulations: We have been active in the adoption of the new land subdivision control regulations including a regulation which specifies minimum lot size based upon soil types, a soil run-off, erosion and sediment control regulation (both recommended by SRRPDC) and a 'premature subdivision control regulation.' We also assisted the Selectmen in the preparation of a new health regulation (also recommended by SRRPDC).

Coordinating Team: The Planning Board established a Coordination Team under the direction of Mr. Ivan Grotenhuis, SRRPDC Commissioner. The purpose of the Team is to do the fundamental work preliminary to the adoption of a Master Plan by the Town. The studies under way currently include land use planning, presentation of open space and modifications to Town ordinances. We are of course all aware of the tremendous effort in the generation, distribution and analyses of the two Town attitude surveys, the results of which will be available by Town Meeting time.

Subdivision action: We have considered many new subdivision proposals resulting in over 110 new house lots. This activity consumes a great deal of time when we properly enforce our new and existing subdivision control regulations.

The Town was fortunate, through the efforts of past and present Selectmen, in obtaining a CETA grant for a Planning Assistant. We hired Mr. George Lemery to fill the position. He is proving to be extremely valuable in the accomplishment

of everyday planning tasks as well as working toward the generation of a Master Plan for the Town. George is at the Town Hall most days and can answer questions relative to planning activities.

Other planning work forseen for the immediate future will consist of a Wetlands Zoning Ordinance, plus a change in the existing zoning districts to permit privately built elderly housing, nursing care facilities and a sports complex. It is presently planned to act on these two ordinances at a Special Town Meeting in late May. Work will continue on the building of a Town growth profile. The official Town soil map is expected to be completed in spring.

The Board's regular meetings are held on the second and fourth Thursdays of each month. The fourth Thursday is reserved for public business while the second Thursday is held for planning work. Planning Board meetings are open to the public. Feel free to visit and participate at any time.

Respectfully submitted,

Atkinson Planning Board

ANNUAL REPORT SOUTHERN ROCKINGHAM REGIONAL PLANNING DISTRICT COMMISSION

The Southern Rockingham Regional Planning District Commission provides its member Towns with a variety of services, regional and local. These include regional planning issues, coordination of activities between the Towns and State and Federal agencies, and technical assistance to Towns.

This past year, regional planning issues have emphasized water quality, land use, and transportation. The coordination effort encompassed local and regional programs of land and water conservation, urban mass transit, flood insurance, and several others. Technical assistance has benefited all member Towns.

In Atkinson, the Southern Rockingham Regional Planning District Commission has:

1. Conducted a soil survey of the Town.
2. Performed numerous on-site soils tests for the Planning Board.
3. Begun a wetlands zoning study.
4. Provided legal assistance with subdivision proposals.
5. Assisted with the septage disposal problem.
6. Gave assistance to the Coordinating Team in its efforts to conduct a Town Attitude Survey.

Support to the Town will continue during the coming year. Emphasis will center on the completion of the soils mapping for the Town and assistance with proposals for a Master Plan.

ANNUAL REPORT OF THE ATKINSON MOSQUITO CONTROL COMMISSION

The year 1977 saw the establishment of a new town department in Atkinson, the Mosquito Control Commission. After the authorization of the body at Town Meeting, the Selectmen appointed 3 Commissioners. Our goal was to con-

duct a Mosquito Breeding Site Survey to pinpoint actual and potential breeding sites and to recommend courses of action for control of mosquitoes.

The commissioners hired Mrs. Lois Cozzi, of Derry, N.H., a Natural Resource Management Consultant, to conduct the laboratory and identification portion of the survey. Two Timberlane students, Debra Chick of Atkinson, and Mike Cody of Plaistow were hired as field workers. They located breeding sites, pinpointed them on maps, and collected water and mosquito larva samples for laboratory analysis and identification.

As the bulk of the survey progressed during the summer of 1977, the Rockingham County Mosquito Control Commission aided our local efforts to a great extent. The County conducted the adult mosquito portion of the survey at no cost to Atkinson. This consisted of setting up, maintaining on a weekly basis, three mosquito light traps in town. The adult mosquitoes collected in the light traps were counted, analyzed and identified by County personnel at Brentwood. The tabulated results were provided to us without cost. This unanticipated aid by the County significantly reduced Atkinson's expenditure in conducting the survey.

The completed survey not only shows us where mosquitoes are breeding, but also what species of mosquito we have. This knowledge is a prerequisite, mandated by the State, before any mosquito control project can be undertaken. This is to prevent any town from conducting a program of indiscriminate spraying which might be environmentally harmful and financially unwise.

The survey showed that our mosquito problem is essentially two-fold. A spring and early summer mosquito, the Aedes, is found breeding in many types of places. The Aedes larva, or pre-adult forms, are found in old tin cans, tires, etc., in back yards, and in culverts, marshes, and seasonal pools of melted snow. Elimination of back yard breeding sites can effectively be the individual homeowners contribution to controlling this pest. Larvaciding those bodies of water which cannot be eliminated will control the Aedes in those locations. An inexpensive program as outlined will be available at town meeting for the consideration of voters.

Our second problem mosquito, a late summer and early fall species known as Perturbans, is more difficult to control. This species breeds only in larger more permanent bodies of water and breathes through the roots of aquatic plants. This unique breathing method makes the Perturbans immune to present-day method of larvaciding. Until an effective method is developed to control this species in the larval stage, they can only be controlled by aerial truck spraying after they emerge as adults. Such an adultciding program will also be available for town meeting consideration. It will be presented only because it is currently the only method of attacking this species. The Commissioners as a body will not recommend the adultciding program.

It must be kept in mind, however, that even if all control methods are carried out to the fullest extent possible, mosquitoes will not be entirely eliminated in Atkinson. This would be ecologically disastrous, prohibitively expensive to even attempt, and downright impossible. If we can help make your outdoor cookouts and swim parties a little more enjoyable, we will consider our task a complete success.

Mosquito Control Commissioners

TOWN OF ATKINSON, NEW HAMPSHIRE

Population: 3,684

Total Area: 11.2 Square Miles

1. We are a Town Government, headed by three Selectmen who meet each Monday evening at 7:30 p.m. in the Town Hall, Academy Ave. Selectmen's Office is open daily from 9:00 AM - 1:00 PM (362-5266).
2. Our Volunteer Fire Department (362-5521) and Police Department (362-5536) are available 24 hours a day.
3. The Congregational Church is located in the center of town. Holy Angels Catholic Church is located on Route 121, just over the Plaistow line. Other denominational churches may be found within a mile, in other communities.
4. Atkinson is a part of the Timberlane Regional School District which also includes the Towns of Plaistow, Danville and Sandown. The Rockwell School and Atkinson Academy house students in grades 1 through 5; students in grades 6 through 8 attend the Timberlane Regional Junior High School; and grades 9 through 12 attend Timberlane Regional Senior High School. Both of those schools are in Plaistow.
5. Our tax rate this year is \$3.46 per hundred. The town was revalued in 1972-73 by the New Hampshire Board of Revenue Administration.
6. There is no town water or sewerage, but some developers do have their own water system. Our town is presently zoned residentially, and requires one acre lots. We are not zoned for apartments or trailers.
7. The Kimball Public Library, located on Academy Avenue next to the Fire Station, is open three days each week.
8. Atkinson has the following organizations which meet regularly: Garden Club; Atkinson Grange; Friends of the Kimball Library; Women's Civic Club; Women's Fellowship Club; Men's Club; Day Home Extension Group and the Evening Home Extension Group. There is also an XYZ Club for senior citizens, and all phases of scouting. Recreational programs include Junior Football League teams; Little and Minor League baseball; basketball, and girl's softball.
9. Town Boards meet as follows: Planning Board - second and fourth Thursdays; Board of Adjustment - third Wednesday; Budget Committee - third Tuesday; Conservation Commission - second Monday; and Recreation Commission - second Wednesday. All boards and Commissions meet in the Town Hall.

If you are a registered voter and would like to serve as a member of one of the following boards or commissions, please fill out the form below, checking your area of interest, and submit to the Selectmen's Office.
